Brezová pod Bradlom to Chicago Turn of the Century Slovak Emigration with Valko and Karlik genealogies and notes.

All my gratitude goes to the many people who helped me in the preparation of this book. New friends and newly discovered relatives who helped were a notable joy. A special thank you is owed to Betty Zavodny Drew whose efforts and interests in this topic were as great as my own. Without Betty, aka BZD, this book would have been only half as good and half as big. Thank you Betty.

My great-grandparents were VALKO and KARLIK who came to Chicago from Brezová pod Bradlom in the 1890s. This book was prepared as a "show and tell" for those with interest in their Slovak heritage — Brezová to Chicago.
